

Coil Cannon Bottle Adapter Usage Instructions

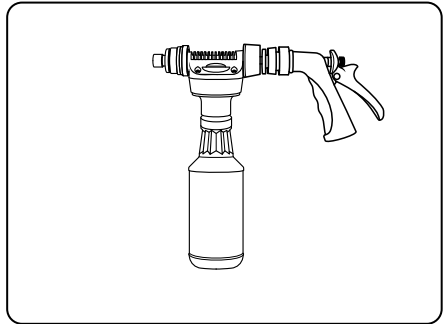

Patent Pending

Kit Contents

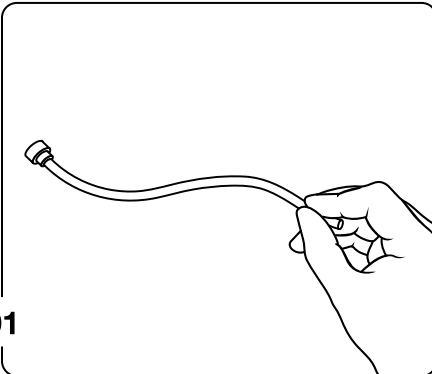

1x Coil Cannon Bottle Adapter
1x 13.5in (34cm) Flexible Dip Tube with Filter

Using the Coil Cannon Adapter

For even more convenient and efficient coil cleaning, the Coil Cannon Bottle Adapter (Patent Pending) is designed to connect coil cleaner quart and gallon bottles directly to our Coil Cannon Mixing Sprayer head.

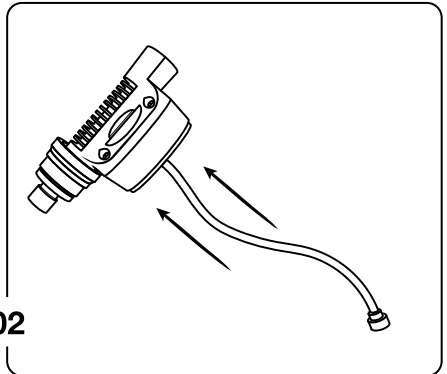

Instructions for use:

01

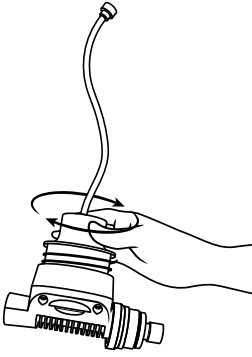

Extend and straighten the flexible dip tube.

02

Assemble the dip tube into mixing head.

03

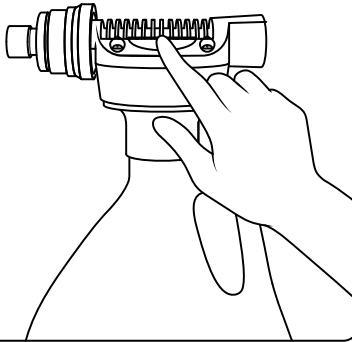

Thread the Bottle Adapter to the Mixing Head.

04

Thread the quart or gallon bottle into the Bottle Adapter.

05

Dial in the desired mixing ratio and use the Coil Cannon to clean coils as you normally would.
